HISTORY AND OBJECTIVES

LOCATION

Buckhannon, the seat of West Virginia Wesleyan, is located near the geographical center of West Virginia. It is readily accessible from all parts of the state. Although several branches of the Baltimore & Ohio Railroad pass through the city, in recent years bus transportation has been more frequently used. Bus lines connect Buckhannon with all parts of the State. Students coming by rail, either from the east or west, should come to Clarksburg, twenty-seven miles from Buckhannon, from which point bus transportation is available.

The Wesleyan campus is beautifully situated upon an elevation within the Buckhannon city limits. It consists of fifty acres and slopes gently from the site of the Administration Building. On it there is a grove of noble oaks from "the forest primeval." Many other beautiful trees were planted by the founders of the institution. The beauty of the campus can never be forgotten by those who have seen it.

HISTORY

The beginnings of West Virginia Wesleyan College are traced back to the efforts of the Methodists to establish schools of higher learning in what is now West Virginia. Prior to the organization of the Methodist Episcopal Church, and before West Virginia separated from Virginia, at least three academies were established. One of these later developed into one of our state institutions; the other two disappeared. The one of longest duration was known as Northwestern Academy, located at Clarksburg. The last official mention of this school is recorded in the 1885 minutes of the West Virginia Conference. In 1887 the present site at Buckhannon was purchased, and in 1890 the doors of the West Virginia Conference Seminary were opened. As a secondary institution the school functioned until 1904 when it was raised to college standing, and the name changed to West Virginia Wesleyan College. The first college class was graduated in 1905. Three years later the Seminary was discontinued, and eventually all secondary work was eliminated.

West Virginia Wesleyan grants the degrees of Bachelor of Arts and Bachelor of Science. The College is under the direction of the Methodist Church and meets the standards set up by the University Senate of that body. West Virginia Wesleyan insists upon the highest intellectual standards. Leading universities welcome its graduates in their post-graduate courses and give them full credit for work done here.

OBJECTIVES

West Virginia Wesleyan is a liberal arts college of the Methodist Church. It is frankly committed to the Christian way of life. It welcomes qualified students of any faith and assists them to prepare themselves for useful participation in modern life by guiding them in the establishment of worthy character. The following is a more specific statement of its aims: to provide opportunities for students to become acquainted with a wide range of facts in various fields of knowledge, and to develop scholarly habits and abilities; to surround them with influences which will deepen their appreciation of physical, social, esthetic and religious values; to provide a program of instruction and activity that will enable them to understand and follow an effective life program of mental and physical health; to enable the student to see the place of religion in the working out of a sane philosophy of life, in the development of a noble character, in the perpetuation of democracy and in the perfecting of a worthy social order; to help him find his life-work and equip himself for it, which frequently means the laying of foundations for successful graduate, business or professional training; to give him a clear understanding of life's major responsibilities and the way to meet them; in addition to a useful vocation, such responsibilities include a happy home life, and participation in organizations and movements working for human betterment in community, state and nation.

For the achievement of such aims time is an important factor. Growth is involved that cannot be hurried. The richest results are secured by students who continue in Wesleyan the full four years.

REQUIREMENTS FOR ADMISSION

A. CERTIFICATION

In order to be admitted to the College, a candidate must have completed a minimum of fifteen units of preparatory work.

Graduates of approved high schools are admitted without examination to full freshman standing, but the applicant must present a certificate signed by the principal of the high school from which he graduated. The certificate must show the studies that have been pursued, the time employed, and the grades obtained. This statement should be filled out by the high school principal and forwarded by him to the office of the Dean so that it may be in the possession of the College before the time of registration.

Application forms for admission may be secured by directing a request to the office of the Dean.

EXAMINATION

Students who for any reason are unable to present satisfactory certificates of scholarship, may be admitted by examination. A detailed statement of the requirements for admission in this manner will be sent to those who apply to the Dean. These examinations are given on the opening day of the semester. Arrangements should be made with the Dean in advance. No charge is made for such examinations if taken on the day appointed.

B. ADMISSION WITH ADVANCED STANDING

A student presenting credit from another institution of recognized rank may be given advanced standing without examination. A complete transcript of the work certified by the proper authority, taken at the college last attended, must be presented to the Dean on or before the date of enrollment. Besides the statement of the work of collegiate grade the transcript must include a copy of the preparatory courses accepted by the institution issuing this transfer of credit.

Evidence of honorable dismissal from the school last attended must be furnished. Any student who has endangered his collegiate standing on account of low scholarship or irregular conduct cannot be enrolled unless he is recommended by the institution from which the transfer is to be made.

Upon proper application a student may be admitted to an examination for advanced standing. No fee is charged. Due arrangement with the Dean must be made in advance of the date on which the examination is to be given. If satisfactory evidence is afforded that the student has a reasonable knowledge of the subject, credit will be allowed.

Note: The following regulations should be carefully observed:

1. All claims for credit for work previously done must be adjusted at the time of the student's matriculation.
2. Public school diplomas and teachers' certificates will not be accepted as entrance credit.
3. Testimonials of good moral character are expected of all who apply for admission.
4. Students may be required to file health certificates with applications for enrollment.

C. REGISTRATION

A student is not regularly enrolled in a course until his application is endorsed by the registration officer and treasurer. All enrollments are for one semester.

TIME OF REGISTRATION

Freshmen are required to register during the Freshman Week, September 13-16, 1941. All other students will register on Tuesday, September 16. Excepting in cases of compulsory delay, late registration is discouraged. Students who enroll late may be required to reduce the number of hours in their schedule. A fee of $5.00 will be charged for all late registrations unless special permission is given by the Dean for such late registration.

CHANGES IN REGISTRATION

Changes in registration are discouraged. The course of studies should be made out at first with extreme care. But if a change is necessary the student must secure the approval of the instructor concerned and the Dean, and present a statement of the change to the Registrar in order that his enrollment will be regular.

STUDY LOAD

The number of hours the average student is advised to carry is not more than seventeen. Eighteen may be taken by those who have established a good record, but those whose records are below average should restrict their load of academic work to less than seventeen hours. It is also advised that students who are working in order to earn a part of their expenses while in college, use careful discretion in the selection of their study load. It is better to take more than four years to complete the college course and maintain a high record than to take less time and make an irregular or poor record.

WITHDRAWAL

When it becomes necessary for a student to withdraw from a class, he should see the Dean who will ascertain the reason for this request. If the student is failing, and his request is approved

he is given a rating of "WF" which signifies withdrew failing. If he is not failing, his record is "WP" withdrew passing. One who discontinues a course without permission is charged with a failure.

ATTENDANCE

Students are responsible for regular attendance at classes from the dates specified for official registration: first semester, September 16; second semester, February 2. Instructors are required to report to the Dean every student whose absences in any course total one more than the recitations per week in that course. The student will be required to take, at a specified time, a special examination for which a fee of $1.00 is charged. After a student has taken such an examination on account of over-cuts he will be required to take another special examination for each unexcused absence and pay the customary fee. This rule does not apply in the following instances: (1) When a student is absent from the class as a representative of the college; (2) When the absence is the result of protracted illness; (3) When the Dean of the college regards the cause of the absence as justifying it being excused.

Absences from a class on the day immediately preceding or on the day immediately following a vacation period shall be counted double.

A student may have six unexcused absences from chapel. When the total exceeds that number, and for each succeeding offense, two quality points will be deducted from the total number of quality points received during the semester in which the absences occurred.

EXAMINATIONS AND REPORTS

The success of a student depends very much on the start that he makes. Therefore, at the conclusion of the first six weeks of the first semester of each year a test is given for the purpose of ascertaining whether or not the students are making satisfactory progress in their studies. Mid-semester tests are regularly given. Special attention is given to those who indicate a probability of failure.

At the conclusion of each semester, a final examination is given. The final grades are placed on the permanent records, and determine the scholastic standing of the student. The Registrar of the College forwards a copy of these grades to the parents of the students.

EXPLANATION OF CREDITS

One hour of credit is based on the principle that the student has met his class once each week for eighteen weeks or one semester. Therefore, a class that meets twice each week during one semester is counted as two hours of credit, three times a week three hours credit, etc.

It is presupposed that two hours of preparation should be devoted to each recitation.

Laboratory periods last at least two hours. Credit for laboratory work counts the same as for preparation.

EXPLANATION OF QUALITY POINTS

In order to qualify for graduation a student is required to have a minimum of 128 quality points. One quality point is given for each semester hour of work of a "C" grade, two quality points for each semester hour of "B," and three quality points for each semester hour of "A."

SYSTEM OF GRADING AND QUALITY POINTS

Grades	*Significance*	*Quality Points*
A	Superior	3
B	Good	2
C	Average	1
D	Passing	0
E	Condition	0
F	Failure	0
I	Incomplete	0
WP	Withdrew Passing	0
WF	Withdrew Failing	0

If a student who has been making a passing grade and does not have a chance to complete his work on account of illness or any other prohibitive cause, his grade is recorded as "I" or incomplete. This work must be completed within the next six weeks in which the student is enrolled, and the final grade is then entered on the permanent record.

Any one who, at the time of withdrawal from college, is doing passing work, is given a mark "WP" which signifies withdrew passing, but one who withdraws and is not passing is given "WF" which are the initial letters of withdrew failing.

In order to remove a condition the student must take a special examination. The permit to take this examination is secured from the Office of the Dean and must be done within the first six weeks of the next semester in which the student is enrolled. The highest grade that may be given for the removal of a condition is "D."

LOW RATING IN SCHOLARSHIP

Any student who does work below passing in one or more courses is reported to the Dean at the end of the mid-semester. This matter will be taken up with the student with the purpose of ascertaining the reason for his low rating in scholarship.

One who receives grades that merit ten quality points in at least ten credit hours of academic work in one semester will be

permitted to continue his course without condition, but if less than ten hours and ten quality points are passed his name may be placed on a warned list.

A student whose name is on the warned list may be requested to discontinue his college course if he continues to fail in making a satisfactory standing in scholarship. No student may represent the College in any athletic contest or in any other way as long as his name remains on the warned list.

CLASS STANDING

Freshman Standing—One is ranked as a freshman who has completed all entrance requirements.

Sophomore Standing—In order to be classified as a sophomore one must have satisfied all entrance requirements, completed at least twenty-four semester hours of college work, and merit twenty-four quality points.

Junior Standing—A student who has completed fifty-six semester hours and merits fifty-six quality points is ranked as a junior.

Senior Standing—One who has credit for eighty-eight semester hours and eighty-eight quality points will be enrolled as a senior.

Part-Time Standing—A student who is enrolled for less than twelve hours is given the rating of part-time standing.

REQUIREMENTS FOR GRADUATION

A. DEGREES

West Virginia Wesleyan College confers two academic degrees, Bachelor of Arts, and Bachelor of Science. Definite requirements are herein specified with which a student must comply in order to qualify for the degree pursued.

B. GENERAL REQUIREMENTS

Semester Hours

In order to qualify for graduation a student must complete at least one hundred twenty-eight semester hours. The schedule is arranged to cover a period of four years of study.

Quality Points

It is required that an applicant for a degree must merit one hundred twenty-eight quality points. He must average, therefore, a grade of "C" in his scholastic standing.

Residence

A residence requirement of at least one year and thirty semester hours of credit are required.

Subjects

For the degree of Bachelor of Arts, or Bachelor of Science the following subjects are required of all candidates:

Subjects	*Hours*
English Composition	6
*Foreign Language	12
Psychology	2
Philosophy	2
History, Economics, Sociology, or Government	6
Biblical Literature	5
Chemistry, Physics, Biology, Geology, or Mathematics	6
Public Speaking	4
General Physical Education	4
A Major study	24
Two Minor studies (each)	15

*A student who has completed two units or more of one foreign language in high school is required to finish in college only one additional year (6 hrs.) in the same subject to satisfy the foreign language requirement for graduation. But, if the student has no

credit, or less than two years, in foreign language in high school, two years (12 hrs.) of college training in one language are necessary to meet the requirement. The foreign language requirement is waived for students qualifying for a first-class high school certificate, or a collegiate elementary certificate.

All students, excepting those pursuing the Standard Normal Course, must finish the language requirement not later than the second year of college attendance.

Public Speaking and Physical Education should be completed during the first and second years in attendance.

MAJOR AND MINORS

On or before the beginning of the junior year the student shall select his major field of study and two minor fields. It requires twenty-four hours of credit to complete a major, and fifteen hours for a minor. A candidate for the Bachelor of Arts degree may elect any one of the following subjects for his major:

Art
Biblical Literature and Philosophy
Economics and Sociology
Education
English
Foreign Language
History and Government
Music
Public Speaking

To qualify for the Bachelor of Science degree a candidate may elect any one of the following subjects as a major:

Biological Sciences
Business Administration
Home Economics
Chemistry
Mathematics
Physical Education

C. EXPLANATION OF HONORS

Honors are determined by the point index of the student. The point index is computed by dividing the total number of points earned by the total number of hours. Thus one who completes thirty-four hours in one year and has earned fifty-one quality points would have a point index of 1.5.

Class honors are awarded at the conclusion of each semester. The requirements for honors are as follows:

For freshmen point index	2.25
For sophomores point index	2.50
For juniors point index	2.75
For seniors point index	2.75

At the end of their college course two grades of honor may be conferred on members of the graduating class. A student who has maintained a point index during his entire college course of 2.50 shall graduate *Cum laude.* One who has an average standing of 2.75 will receive the honor of *magna cum laude.*

The member of the graduating class who has attained the highest scholastic standing in his college course shall be given valedictory honors. The one who has second highest standing will have salutatory honors. Any student who has not been in regular attendance at West Virginia Wesleyan for at least three years will not be qualified for either of these honors.

Honors in scholarship shall be recorded on the diplomas of those who are entitled to them, printed on the commencement program, and recorded in the succeeding catalogue.

ORGANIZATION OF COURSES

PRE-PROFESSIONAL COURSES

While West Virginia Wesleyan College offers professional courses for teachers and for those interested in the commercial field, it does not offer complete courses in Medicine, Law, Theology, Dentistry, Engineering, and Pharmacy. Persons who desire to complete pre-professional courses in any of these subjects may lay a broad foundation in this institution before beginning the technical part of their work. There are separate courses suggested for students desiring to meet the requirements for Medicine, Law, Theology, Dentistry, Engineering, and Pharmacy. Consult with the Dean of the college with respect to forming an outline of studies in any of these courses. All work in the professional fields will be accredited towards either the Bachelor of Science or the Bachelor of Arts degree.

NOTATION OF COURSES

The following divisions are made in the general curriculum in respect to the numbering and classification of courses:

101 to 199	Freshmen Courses
201 to 299	Sophomore Courses
301 to 399	Junior Courses
401 to 499	Senior Courses

The odd numbers indicate courses given the first semester and even numbers indicate courses offered the second semester. Numbers separated by a hyphen signify that the course must be taken the full year in order to realize credit for it. Numbers which are separated by a comma show that the course is offered during the entire year but credit is allowed for each semester. When a course that is offered the first semester is repeated the second semester, the letter "r" is added to the number of the course.

A student must have credit for the prerequisites and the consent of the instructor before he may enroll in a course above his classification, and he must have consent of the Dean and the instructor in order to enroll in a class below his classification. One who enters with advance credit may select courses for which he has had the prerequisites, but as far as it is possible his courses must correspond with his classification. Students entering with two years of preparatory credit in a foreign language are required to enroll in courses numbered in the "200" group in order to continue study in the same language.

In order to avoid confusion and possible injury to his college course the student is urged to enroll in subjects that fit his classification. That is, freshmen should enroll in the one hundred (100) group, sophomores in the two hundred (200) group, etc.

ACADEMIC DIVISIONS

The courses of instruction are organized in departments. For the convenience of the student in selecting fields for specialization the related departments are arranged in six divisions as follows:

I—Division of Fine Arts

Art and Design	M	m
Music	M	m

II—Division of Languages and Literature

English	M	m
Speech and Dramatics	M	m
French	M	m

WESLEYAN CHOIR

The Wesleyan Choir will make one concert tour each year throughout this and adjoining states. The choir is open to all students who can pass the competitive examination. Applicants must interview the choir director before enrolling.

WESLEYAN ORCHESTRA

The orchestra will make a study of standard overtures, operatic transcriptions and selections from symphonic literature. Frequent public performances will be given.

SPECIAL PROGRAMS

During the year three musical programs are presented by metropolitan artists. The programs, rendered in the college auditorium, are free to all students regularly enrolled.

II—DIVISION OF LANGUAGES AND LITERATURE

Professors Chrisman, Bos, Ogden, Mrs. Neil, Mr. Steele, Mr. Ahlgren, and Mrs. Curry.

DEPARTMENT OF ENGLISH

Professor Chrisman, Mrs. Neil, Mr. Steele, and Mr. Ahlgren

The courses in English offer students the opportunity to work in three related fields: (1) in writing, (2) in journalism, and (3) in literature. Emphasis is laid upon both the practical and the cultural aspects of the subject. Students desiring to teach English are given the training which will qualify them to do so. The vocational aim, however, is not stressed to the exclusion of those values which make for the broadening of horizons and enrichment of life.

101-102 *Composition*—A study in the theory and practice of written expression. This course provides for weekly themes, an introduction to modern literature, lectures, and conferences. Required of all Freshmen.
MWF 3 Hrs.

209-210 *Advanced Composition*—A course designed to present further training in the artistic types of creative writing. Prerequisite, English 101-102.
MWF 3 Hrs.

309-310 *The Short Story*—A study of the art of writing the short story with some concentration upon the history of the type. Each student will be required to produce several short stories each term.
MWF 3 Hrs.

LITERATURE

201, 202 *Introduction to English Literature*—A study of the development of our Anglo-Saxon ideals as illustrated in literature. This course serves for some as a final survey of the subject; for others as the basis for the further study of special periods. Required of all students majoring or minoring in English or Journalism.
MWF 3 Hrs.

203 *American Literature*—A survey of the field of American Literature, lectures, readings, and class discussion. A detailed study of outstanding authors. Special attention given to the relation between literature and our national life.
MWF 3 Hrs.

212 *The Essay*—An intensive study of English and American essays as literature. A study of types and backgrounds. Lectures and readings.
MWF 3 Hrs.

301 *The Science of Language*—A college course in the fundamentals of grammar. Stress is laid upon the history of the language as well as upon contemporary usage.
TT 2 Hrs.

302 *English Language*—A study of the origin and growth of the English language, its native and foreign elements with particular attention to vocabulary, etymology, and inflection. An effort is made to help the student increase his vocabulary and increase his general linquistic efficiency.
TT 2 Hrs.

304 *Shakespeare*—A critical and appreciative course in the Shakespearean plays. One or two of the great tragedies are studied textually and a number of others read more generally. Open only to juniors and seniors. Not offered 1941-42.
MWF 3 Hrs.

306 *Modern American Poetry*—A study of the most important productions of the poetry of the present day. Special work in a selected field. Assigned readings, class discussions, and informal lectures. Not offered 1941-42.
TT 2 Hrs.

307 *Books in American Life*—A general course in books and reading. Special stress is laid upon current material of importance. A considerable degree of freedom in choice of material is permitted. Not offered 1941-42.
TT 2 Hrs.

308 *Mark Twain and His Contemporaries*—A study of Mark Twain and the literature of his generation. The major emphasis will be upon those aspects of literature which reflect the life of the period.
TT 2 Hrs.

401, 402 *Victorian Literature*—Emphasis is laid upon the thought development of the nineteenth century. The authors to whose teachings and influence special attention is paid are Carlyle, Ruskin, Newman, Arnold, Browning, and Tennyson. Not offered 1941-42.
MWF 3 Hrs.

403, 404 *World Literature*—A general culture course yielding an opportunity for the reading in English of literary masterpieces of the ancient and modern world. Among the authors studied intensively are Homer, Dante, and Goethe.
MWF 3 Hrs.

DEPARTMENT OF FOREIGN LANGUAGES

Professors Ogden and Bos

FRENCH

The study of French is a definite aid to clarity of thought and expression. This quality of the language grows in momentum as the study advances. A careful weighing of words is a natural result. This, doubtless, is one of the reasons why French is the world's accepted diplomatic language. Moreover, French provides unusually abundant clearly defined literature.

We aim to read it with discrimination, to comprehend the civilization that produced this language, to understand, at least, short spoken phrases and to be able to express simple thoughts clearly.

101-102 *Elementary French*—Daily careful drill in pronunciation; regular and most important irregular verbs in daily oral and written exercises. Text: The New Chardenals Complete French Course, Grosjean.
MWF 3 Hrs.

201-202 *Intermediate French—First Semester*—Continued drill in pronunciation by daily oral and written exercises. *Second Semester*—Continuation of the preceding course. Particular attention to written composition.

lève, Bazin; *Le Crime de Silvestre Bonard, Pêcheur d'Islande*, Loti; *Marie Chapdelain*, Hemon. Reports oral and written in French.
MWF 3 Hrs.

412 *The French Drama*—This course includes the study of such dramas as: *Les Corbeaux, La Course du Flambeau, Ces Dames aux Chapeaux Verts, Blanchette, A l'ombre du Mal, Cyrano de Bergerac.*
MWF 3 Hrs.

GERMAN

PROFESSOR BOS

The study of German should have a three-fold objective: correct and progressive knowledge and use of German shown principally in increased ability to read, but also in intelligible oral and written expression, for both cultural and vocational purposes; careful translation, implying understanding of Germon idiom, and ability and facility in accurate use of English; a growing interest in all phases of life and history of Germany and the Germans.

101-102 *Elementary German*—The object of the course is to put the student in possession of the elements of the German language. This implies: 1—a personal command of simple German, that is, the ability to understand such German whether heard or read, and to employ the language in simple conversation, narration and description, both orally and in writing; 2—a familiarity with the elements of German grammar in the degree essential for the obtainment of this command of the language.
MWF 3 Hrs.

201-202 *Intermediate German*—The aim of this course is to extend and strengthen the student's personal command of German, both oral and written. Reading of several suitable texts accompanied by drill dictation and written exercises.
MWF 3 Hrs.

301-302 *German Novel*—History and development of the German novel in the nineteenth century surveyed. Representative novels and short stories translated. Both intensive and extensive reading required. Prerequisite. German 101-2 and 201-2.
Time to be arranged. 3 Hrs.

303 *German Poetry*—German lyric and ballad poetry with reading in class of selections from Goethe, Schiller, Heine, and assigned parallel reading in other poets. Representative poems of authors memorized and interpreted. Prerequisite, German 101-2 and 201-2.
Time to be arranged. 3 Hrs.

401, 402 *German Drama*—Selected classical and modern plays read. Collateral study of the German drama of the nineteenth century. Prerequisite, German 201-202.
Time to be arranged. 3 Hrs.

403-404 *Scientific German*—The object of this course is to give students facility in reading German technical literature. Recommended to pre-medical students and others planning graduate work in the sciences. The course consists of reading current articles in German scientific books and periodicals.
Time to be arranged. 3 Hrs.

LATIN

PROFESSOR BOS

During the entire Latin courses by careful selection of texts and class-room procedure such immediate and ultimate objectives as mastery of Latin as such, knowledge of Roman life and culture and their influence upon subsequent times, literary appreciation of Latin literature, mental discipline, and a knowledge of tested and tried class-room methods and techniques, are constantly kept in view.

DEPARTMENT OF CHEMISTRY

Professor Hyma and Assistants

Courses in Chemistry offer an opportunity for cultural development and professional training.

In first year chemistry cultural values of the science are stressed while the remaining years are given over to technical training.

The department prepares students for work in professional schools such as medicine, dentistry and engineering, for graduate work, for commercial and industrial chemistry.

Students who show ability are encouraged to go on with graduate work. Contacts are made for them with graduate schools and in many cases assistantships or fellowships obtained for them.

101-102 *Inorganic Chemistry*—During the first semester the nonmetals and laws governing chemical changes are studied. The second semester is devoted to the metals and a few compounds

of carbon. A special section is arranged for students who have not studied high school chemistry. Laboratory fee $8.00 each semester. 4 Hrs.

Classes MWF		Laboratory TT	
Sec. 1	8:55- 9:45	Sec. 1	8:00- 9:45
Sec. 2	11:15-12:05	Sec. 2	11:15-12:05
Sec. 3	2:15- 3:10	Sec. 3	1:20- 3:10

201-202 *Organic Chemistry*—Course 201, first semester, is a study of the aliphatic compounds; Course 202, second semester, aromatic compounds. Special attention is given to theories and industrial applications of organic chemistry. Laboratory fee $15.00 each semester. 4 Hrs.

Class TT	Laboratory TT
	Section 1 8:00-12:05
	Section 2 1:20- 5:05

203 *Qualitative Chemical Analysis*—A course of lectures, laboratory work and conferences. Analysis of metals, acids, minerals, ores and alloys. Laboratory fee $8.00. 3 Hrs.
Class MWF Laboratory MWF 1:20-5:05

204 *Qualitative Chemical Analysis*—A special course in semi-micro analysis. Laboratory fee $8.00. 3 Hrs.

208 *Laboratory Technique*—For all students who intend to teach Chemistry. This course covers the general methods of teaching first year Chemistry, including problems of beginning instruction, testing, teaching efficiency, proper use of written work, analysis of examination, preparation of all reagents and a detailed study of laboratory methods. Prerequisite, Chemistry 101-102.
Class TT 2 Hrs.

301 *Gravimetric Analysis*—Lectures and Laboratory. Quantitative determination of pure chemicals and materials by gravimetric methods, including coal analysis. Prerequisite 101-102, and 203. Laboratory fee $8.00. 3 Hrs.
Class MWF 2:15 Laboratory MWF 1:20-5:05

302 *Volumetric Analysis*—Preparation and standardization of solutions. Analysis of ores, salts and commercial products. Special attention is given to theories and calculations. This course is required of pre-medical students. Laboratory fee $8.00.
MWF 2:15 (Lab. MWF 1:20-5:05) 3 Hrs.

401-402 *Physical Chemistry*—Lectures only. Course 401 is a study of gases, liquids, solids. Course 402, Thermochemistry, Equilibrium, and Electrochemistry.
Class MWF 3 Hrs.

403 *Water Analysis*—This course will include one full week of analytical work in an assigned industrial or municipal filtration plant. Fee, $8.00. Additional fee for industrial service, $5.00. 3 Hrs.

405 *Gas Analysis*—Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $8.00. 3 Hrs.

407 *Food Analysis*—Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $8.00. 3 Hrs.

409, 410 *Science Seminar*—For advanced students in Chemistry and Physics. 1 Hr.

411, 411r *Organic Preparations*—Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $10.00. 3 Hrs.

414 *Physical Chemistry*—Laboratory only. Prerequisite, Chemistry 101-402 inclusive. Laboratory fee $10.00. 3 Hrs.
Laboratory MWF 1:20-5:05

GEOGRAPHY AND GEOLOGY

PROFESSOR HAUGHT

101 *General Geology*—This course is a study of minerals, rocks, and the structures of the earth including the agencies producing structure, weathering, erosion, diastrophism, the work of streams, glaciers, winds, waves, and volcanoes. The theories of the formation of coal, oil, gas and other economic products are considered.
MWF 3 Hrs.

102 *General Geology*—The important objectives of this course are the geological time divisions, rock formations, and the correlation with these of their existing life species. Representative fossils will be examined, and field trips made.
MWF 3 Hrs.

107 *Principles of Human Geography*—The basic idea of this course is the relation of geography to human institutions, progress and well-being. Climate, latitude, winds, rainfall, relief, streams, plains, mountain barriers, soils, fisheries, and other items enter into the study of this relationship.
MWF 3 Hrs.

108 *Principles of Physical Geography*—This course considers the surface physical features of the earth, their geologic background, and the influence of surface features upon human

social, political, and economic trends of past and present time. Special attention is given to the physical geography of the United States.
MWF 3 Hrs.

DEPARTMENT OF HOME ECONOMICS

MISS COKELEY

Home economics training is preparation for better living. This work is so planned that the girl is helped to understand her own capacities, to express her personality, and to develop the right standards of life. The nutrition value of foods, the selection, construction, and care of her clothes, budgeting her allowance, etiquette, and health habits are studied as basic knowledge for the girl in college as well as for the future.

101 *Clothing Selection*—Study of the principles of design applied to dress, the relation of color to individual problems in dress, and the selection of materials and clothing according to their suitability and economic value. This course includes a study of historic costume.
MWF 3 Hrs.

102 *Clothing Construction*—This course includes practice in the use of commercial pattern, hand and machine sewing, applied to simple garments. Laboratory four hours a week. Prerequisite Home Economics 101.
TT Fee $2.00 2 Hrs.

201-202 *Foods and Cookery*—This course is a study of staple foods including the production, the preparation of the foods for the table, and the principles of cookery involved. Practice is given to develop skill and efficiency in handling materials. Lecture one hour and laboratory four hours a week. Parallel or prerequisite Chemistry 101-102. Fee $5.00.
MWF 3 Hrs.

207 *Home Planning*—A study of history of houses; evaluation of home ownership, study of housing shortage and housing as a social problem. Study of building or remodeling a house: financing, location, plan, construction, drainage, ventilation and heating.
MWF 3 Hrs.

208 *Home Decoration*—A study of furniture as influenced by periods of history and contributions by different countries. A study of reproduction and modern furniture. Furnishing the home considering art, economy, comfort and individuality.
MWF 3 Hrs.

213 *Textiles*—This course is planned to give technical knowledge concerning textile materials, their names, prices, weaves, and uses; including the study of chemistry of fibers, bleaching, dyeing, tests for adulteration of fabrics, microscopic study of fibers and modern weaves. Prerequisite, Chemistry 101 and 102. Lecture two hours, laboratory two hours per week. Fee $2.00.
MWF 3 Hrs.

301 *Child Care and Nutrition*—This course is a study of the development and care of the child, including physical and mental growth, diet and clothing, diseases, habits and discipline.
TT 2 Hrs.

312 *Economics of the Household*—This course covers a history of the home, a study of living standards and the business of the home including rent, food, clothing, operating expenses, education, and the servant problem. Prerequisite, Economics 201.
MWF 3 Hrs.

314 *Home Management*—A survey of household equipment, its use, cost and care is made; problems in housekeeping and management are solved.
MWF 3 Hrs.

401, 402 *Clothing Construction*—This course is an extensive study and use of commercial patterns. Dresses, suits, and blouses will be made of silk and wool. Laboratory four hours a week. Fee $2.00. Prerequisite Home Economics 101, 102 and 213.
TT 2 Hrs.

407 *Dietetics*—This is a detailed study of human nutrition including the chemistry of foods, diets, digestion, factors which influence the individual's need for food, and the best foods. Lecture three hours and laboratory two hours a week. Fee $4.00. Prerequisite Home Economics 201 and 202.
MWF 3 Hrs.

408 *Meal Planning and Serving*—The planning, purchasing, preparation, and serving of meals for the family, guests and community affairs. The table etiquette and decoration are studied. Lecture two hours and laboratory two hours a week. Fee $5.00. Prerequisite Home Economics 201 or 202. 3 Hrs.

DEPARTMENT OF MATHEMATICS

PROFESSOR HALLAM

The course of studies in this department has a threefold objective: to prepare the student majoring in Mathematics for entrance to the leading graduate schools; to give the student of engineering

the necessary foundation; to develop in all students orderly and analytic methods of thought.

The major in Mathematics is required to complete courses Nos. 301 and 302.

101 *Solid Geometry*—The usual theorems, constructions, a thorough study of solids and surfaces. Open to all who have had plane geometry.
MWF 3 Hrs.

103 *College Algebra*—A course in advanced algebra including a study of determinants, progressions, permutations and combinations, probability, mathematical induction, functions and graphs, theory of equations, and logarithms.
MWF 3 Hrs.

104 *Trigonometry*—The study of the angle and triangle, the functions of an angle, line functions, trigonometric analysis, logarithms, applications.
MWF 3 Hrs.

106 *Teacher's Arithmetic*—This course is required for teachers qualifying in the elementary field.
TT 2 Hrs.

201 *Analytic Geometry*—Application of algebra to geometry. Cartesian coordinates, curve tracing, conic sections, transformation of coordinates, polar coordinates, the line in space, quadratic surfaces.
MWF 3 Hrs.

202 *Differential Calculus*—The idea of limits, instantaneous rates, differentiation of algebraic and transcendental functions, differentials, maxima and minima, points of inflections, indeterminate forms.
MWF 3 Hrs.

207, 208 *Descriptive Geometry*—The use of the plane to represent lines, planes and surfaces in space, and related problems. Prerequisites, plane and solid geometry.
MWF 3 Hrs.

220 *Astronomy*—A descriptive study of the stars and their motion. Various theories of the origin of the planetary system are discussed. A small astronomical telescope is available for the use of the class. Given alternate years.
MWF 3 Hrs.

301, 302 *Integral Calculus*—Integration as the inverse of differentiation, technique of integration, integration as a process of

summation, multiple integrals, convergence and divergence of infinite series, elementary differential equations.
MWF 3 Hrs.

401, 402 *Differential Equations*—Ordinary and partial differential equations, applications, systems, integration by series. 3 Hrs.

DEPARTMENT OF PHYSICS

101-102 *General College Physics*—A course in the fundamental principles of physics as applied to present life. This study includes the cultural aspects of mechanics, heat, sound, light, electricity, etc. Demonstrations and experiments are parts of the class work.

One semester of this course is not counted for credit. The six hours of credit meet the scientific requirement for graduation, but do not fulfill the prerequisites for the advanced courses in physics, or the requirements for medicine, engineering or teaching. Laboratory fee $2.00.
MWF 3 Hrs.

201-202 *College Physics*—A general course in mechanics, heat, sound, electricity and light. Lectures and recitations three times a week. Laboratory four hours a week. Laboratory fee, $5.00.
MWF 4 Hrs.

205, 206 *Physical Science*—This course is provided to meet the requirements for certification. It includes an introduction to the following subjects: Chemistry, Physics, Biology, Geology, and Astronomy, and may not be counted as one of the subjects in a major or minor field of study. (Not counted to complete the requirement in Physical Science for the bachelor's degree.) Laboratory fee, $2.00.
MWF 3 Hrs.

303 *Modern Physics*—An elementary discussion of selective topics in modern Physics. Special attention is given to the nature, production, and application of X-rays. Pre-medical students and students of chemistry will find this course of special interest.
MWF 3 Hrs.

304 *Electricity and Magnetism*—Radio phenomena is emphasized. Lectures and demonstrations. Mathematics 201, 202 are prerequisites.
MWF 3 Hrs.

DEPARTMENT OF PHYSICAL EDUCATION

PROFESSOR ROSS, MR. REEMSNYDER, AND MISS COVERT

This department seeks to provide a program that gives the individual and groups an opportunity for physical activity in situations that are "physically wholesome, mentally stimulating and satisfying, and socially sound." The program is so arranged that adequate exercise, education in physical activity, and a carry-over interest in athletic games may be attained.

For those who wish to prepare for teaching in this field a major and minor in Physical Education in accordance with the requirement of West Virginia are offered. Valuable experience, also, may be had through the well organized intercollegiate athletics of football, basketball, track, and tennis.

The department promotes a full-rounded program of intramural sports consisting of speedball, basketball, hockey, volleyball, baseball, track, tennis and handball. The equipment facilities consist of a fully equipped gymnasium, handball court, one-fifth mile cinder track, football field and three tennis courts.

COURSES OPEN TO MEN

101-102 *General Physical Education*—Provides exercise and training in sports and athletic games. Should be taken freshman year. Required for graduation.
MW or TT 1 Hr.

201-202 *General Physical Education*—Provides exercise, and advanced instruction in sports and athletic games, and aims to develop an interest in some physically wholesome activity which will carry over into later life. Prerequisite 101-102. Should be taken sophomore year. Required for graduation.
MW or TT 1 Hr.

103 *Hygiene, Personal and Community*—A study of personal problems pertaining to the health of the individual. A study of community hygiene and sanitation. Should be taken freshman year. Required of those preparing to teach.
TT 2 Hrs.

203, 204 *Scouting, Club Leadership, and First Aid*—Theory of scouting, scout tests, and becoming a first class scout. Work as leader of a scout patrol. Qualify and be recommended for a scoutmaster's certificate. Work when completed gives rank of first class scout. Taught alternate years. 2 Hrs.

COURSES OPEN TO WOMEN

121-122 *General Physical Education*—Participation and instruction in sports and athletic games. Required for graduation. 1 Hr.

123 *Hygiene, Personal and Community*—A study of personal problems pertaining to the health of the individual. A study of community hygiene and sanitation. Should be taken freshman year. Required of those preparing to teach.
TT 2 Hrs.

205, 206 *Folk Dancing*—An elementary course in folk dancing. Two periods weekly.
TT 1 Hr.

221-222 *General Physical Education*—Continuation of 121-122. Required for graduation. 1 Hr.

305 *Rhythms*—Analysis of rhythm. Study and practice in natural dance skills. Some creative work. Two periods each week. 2 Hrs.

306 *Advanced Rhythms*—Folk and national dancing. Prerequisite, Physical Education 205-206. Two periods each week. 1 Hr.

COURSES OPEN TO MEN AND WOMEN

(For students wishing to major in Physical Education and planning to teach.)

124 *Plays and Games*—Games and rhythmic activities for elementary and secondary schools.
TT 2 Hrs.

207 *Tumbling and Stunts*—To teach and develop skill in performing the individual, combination and group stunts which compose simple tumbling. Taught alternate years.
TT 1 Hr.

302 *Kinesiology*—A study of the principle types of muscular exercises emphasizing performance, reaction on the body, relation to bodily development, and efficiency. A consideration of the prevention and cure of certain defects and deformities. Prerequisites: Biology 101-102. Taught alternate years.
MWF 3 Hrs.

303 *Playground, Community Recreation and Games*—A study of the development of skill in playgrounds and community recreation, the organization and administration of playgrounds, and the teaching and playing of games. Taught alternate years.
MWF 3 Hrs.

304 *Individual Sports*—A study of the rules, methods of teaching, and the development of skill in the following games: tennis, handball, badminton, archery, and shuffleboard. Taught alternate years.
MWF 3 Hrs.

309 *Officiating*—Theory and practice in officiating in football, basketball, baseball, and track. Taught alternate years. 1 Hr.

310 *Health and Physical Education*—A study of the place of health service, health instruction, and physical education in the school room.
TT 2 Hrs.

402 *Advanced First Aid.*
MWF 2 or 3 Hrs.

405 *Principles of Physical Education*—A study of the basic principles underlying Physical Education. Taught alternate years.
TT 2 Hrs.

406 *Organization and Administration of Health and Physical Education*—A study of the problems confronting administrators of health and physical education in the public schools. Prerequisite, Physical Education 405. Taught alternate years.
MWF 3 Hrs.

407 *Team Sports*—A study of rules, teaching, and leadership of the following sports: speedball, touch football, hockey, volleyball, and basketball. Prerequisites: Physical Education 101-2, 201-2 or 121-2, 221-2. Taught alternate years.
MWF 3 Hrs.

408 *Team Sports*—A study of rules, teaching, and leadership of the following sports: Basketball, softball, track, and tennis. Prerequisites: Physical Education 101-2, 201-2 or 121-2, 221-2. Taught alternate years.
MWF 3 Hrs.

VARSITY ATHLETICS

Fresh.	*Soph.*	*Junior*	*Senior*
109	209	309	409
110	210	310	410

(Not more than one hour each semester is allowed for varsity competition.)

ATHLETIC ELIGIBILITY RULES

1. Each member of any team must carry at least fourteen se-

mester hours work, none of which is a repetition of work for which he has credit either here or elsewhere.

2. No student who shall engage or has engaged in any athletic contest as a member of a recognized professional team shall be eligible to represent Wesleyan in any intercollegiate sport.

3. No new student shall be eligible to play on the varsity football team who the previous year played in the varsity team of any college with a male enrollment of one hundred and fifty.

4. No student shall participate in any branch of intercollegiate athletics for more than four years.

5. No student shall play in a match game who has not enrolled within two weeks after the opening of the term.

6. No student may participate in intercollegiate contests who is failing to maintain a satisfactory scholastic record.

7. No student shall be eligible to represent Wesleyan College in any match games with members of the West Virginia Athletic Conference until said student has complied with the eligibility rules of both Wesleyan College and the West Virginia Athletic Conference.

VI—DIVISION OF POLITICAL AND SOCIAL SCIENCES

PROFESSORS GLAUNER, KARICKHOFF, LAMBERT, MR. CARDER, MISS EVANS, AND MR. HAMRICK

This group of studies proposes to present a survey of the history, economic conditions and the society of the human race. The courses in Economics take up the chief principles of the subject. Then attention is turned to labor, money, commerce and the history of their development. The collection and organization of data are considered important.

The purpose of the courses in History is to acquaint the student with the movements, organizations and the general activity of mankind from the earliest times up to the present. The study of Political Science correlates with that of History. Here we trace the political organizations of people and acquaint the student with the various forms, changes and characteristics of organized government.

Sociology emphasizes a study of the human race from a cultural standpoint and its social well-being. In this study the evils resultant from crime, disease and maladjustment are also presented to the student.

DEPARTMENT OF ECONOMICS AND SOCIOLOGY

PROFESSOR KARICKHOFF AND MR. HAMRICK

101-102 *Principles of Economics*—This course is designed to give the student a knowledge of the subject matter of Economics. Special consideration will be given to all principles of production, distribution, consumption, international trade, tariff, transportation, etc. Lectures and prescribed reading. Required for a major in Economics or Business Administration.
MWF 3 Hrs.

201 *Conservation of Natural Resources*—A study of the various conservation policies. Special attention will be given to the wastefulness of natural resources in West Virginia. Lectures, collateral reading, reports. Prerequisite, Economics 101-102.
TT 2 Hrs.

202 *Economic History of the United States*—A study of the economic forces in the United States. The industrial, commercial and financial development will have due consideration. Lectures and collateral reading.
TT 2 Hrs.

304 *Money and Banking*—The first half of the semester is devoted to a study of the evolution of money and the problems of money economy. The second half of the semester is given to a study of the history of the banking systems of the world with special reference to the banking systems of the United States. The Federal Reserve Act of 1913 is considered. Lectures, collateral reading. Prerequisite, Economics 101-102. Counted on a major in Business Administration.
MWF 3 Hrs.

306 *Financial History of the United States*—This course will survey the field of federal finance revenue, expenditure, and debt from the colonial period to the present time. Special consideration will be given to taxation, tariff, money and banking. Textbooks, lectures and prescribed reading.
TT 2 Hrs.

401 *Labor Problems*—This will be a study of the labor movements in the United States since the Industrial Revolution, the problems and attempted solutions. Text books, lectures, reports. Prerequisite, Economics 101-102.
MWF 3 Hrs.

402 *History of Economic Thought*—This course deals with origin and development of economic theories. Lectures and collateral reading. Prerequisite, Economics 101-102.
TT 2 Hrs.

SOCIOLOGY

PROFESSOR KARICKHOFF

201-202 *Principles of Sociology*—This course will acquaint the student with the scope, method and purpose of sociological study and will endeavor to interest him in the study of men in their relations to other men. In the first semester the course will deal with principles and theory, and in the second semester with problems. Lectures and prescribed readings.
MWF 3 Hrs.

207 *Rural and Urban Sociology*—A study of rural and urban problems and institutions. The chief aim is to stimulate interest in the rural school, the country church, the grange, the country life movement, and the farm home. Attention will be given to the structure, function, and problems of the city. Lectures and prescribed readings.
MWF 3 Hrs.

209 *Social Pathology*—This course will deal with the ills of society. Causes, present conditions and proposed remedies will be studied. Textbook, lectures, investigations and prescribed readings.
TT 2 Hrs.

301 *Immigration and Americanization*—A study of immigration to the United States since 1820. Attention will be given to the causes of the various immigration problems, the importance of protection, education and assimilation of immigrants with special reference to the work of the Y. M. C. A., the North American Civic League for Immigration, and the Elizabeth Peabody Social Settlement House, Boston. Lectures and prescribed readings. Prerequisite, Sociology 201-202.
TT 2 Hrs.

303 *Administration of Public Welfare*—This course will deal with the administration of public welfare, federal, state, and local, with special emphasis on public relief in West Virginia. Textbook, lectures and prescribed readings.
TT 2 Hrs.

307 *Social Problems and Social Legislation*—The object for this course will be to acquaint the student with the social problems and social legislation of West Virginia. Lectures and prescribed readings.
TT 2 Hrs.

308 *The Family and Child Welfare*—This course deals with the evolution of the family, its sociological aspect and its prob-

lems of child life and methods of rearing the child. Text book, lectures, reports and prescribed readings. Prerequisite, Sociology 201-202.
TT 2 Hrs.

312 *Charity and Philanthropy*—This course deals with the causes and the prevention of poverty. It studies the dependent, defect and delinquent classes; suggesting methods of education and institutional care. Special attention will be given to what West Virginia is doing in this particular field. Lectures, investigation, reports, and prescribed readings. Prerequisite, Sociology 201-202.
TT 2 Hrs.

401 *Criminology*—A study of the causes of crime, object and methods of punishment and modern prison reform movements. West Virginia penal and reformatory institutions will be visited and conditions and methods observed. Students planning to take this course must keep in mind the additional expense connected with the observation trips. Lectures, personal investigation, and prescribed readings. Prerequisite, Sociology 201-202. Membership limited to 20.
TT 3 Hrs.

DEPARTMENT OF HISTORY AND POLITICAL SCIENCE

PROFESSOR GLAUNER AND DEAN LAMBERT

The department has the following purposes in view: first, a cultural objective which is necessary for intelligent citizenship; second, a training for persons preparing to teach in the elementary and secondary schools; third, students who are preparing to study law should take some drill in History and Government. This training is also quite important for those who are interested in becoming engaged in government service.

101-102 *History of the United States*—An introduction to the history of the United States from 1492 to the present. Emphasis is placed on political, social and constitutional developments.
MWF 3 Hrs.

201 *Medieval History*—A survey of European history from the fourth to the fourteenth century. Emphasis will be placed on the social, religious and political development of the Middle Ages.
TT 2 Hrs.

204 *Ancient History*—A survey of the history of the ancient world from the earliest times to the decline of Rome. Not offered 1941-42.
TT 2 Hrs.

209-210 *Europe Since 1600*—A study of the development of modern civilization. This course serves as a background for the discussion of contemporary problems.
MWF 3 Hrs.

301-302 *History of England*—An introduction to the history of England from the earliest times. Emphasis is placed on the institutional and constitutional development. Not offered 1941-42.
TT 2 Hrs.

304 *United States History from 1840 to 1860*—A detailed study of the Old South, slavery and the events leading to the Civil War.
TT 2 Hrs.

307 *Colonial American History*—A detailed study of the discovery, exploration, settlement and development of the English colonies in America.
TT 2 Hrs.

310 *Renaissance and Reformation*—The history of the political, social and religious events of the period of the Renaissance and Reformation.
TT 2 Hrs.

311-312 *Europe since 1914*—A detailed study of the World War and the recent problems of Europe. Not offered 1941-42.
TT 2 Hrs.

401 *Church History*—A rapid survey of the development of the Christian Church. Not offered 1941-42.
TT 2 Hrs.

405-406 *Recent History of the United States*—A study of the political and social development since 1876.
TT 2 Hrs.

POLITICAL SCIENCE

DEAN LAMBERT

201, 202 *American Government*—This course is designed for freshmen and sophomores. During the first semester a study is made of the historical origin of the Constitution which includes the tracing of the original influences that were conducive to colonial unity and the succession of events that led to the formation and the adoption of the Constitution and its early development. The second semester is devoted to a study of the powers

and functions of the main divisions of government and considerable stress is paid to state and local powers and regulations.
MWF 3 Hrs.

301 *Recent Governments of Europe*—A comparative study of the historical origin, constitutional basis and development of the governments of England, France, Germany, and other important European States. Primarily for juniors and seniors.
MWF 3 Hrs.

303 *Governments in South America*—This course takes up a study of the origin and development of the governments in South America. Stress is placed on the functioning of the governments within the last fifty years.
MWF 3 Hrs.

304 *The Constitution*—A study of the formation and adoption of the Constitution of the United States. Stress is placed also on the influences legislation, usage, and judicial interpretation have had on the Constitution. Prerequisite: Except by special permission of the instructor, History 101-2, Government 201-2.
MWF 3 Hrs.

306 *Contemporary Governments of Europe*—A survey of the national and local governments of the present nations of Europe.
MWF 3 Hrs.

401, 402 *American Foreign Relations*—A study of the relations between the United States and foreign nations. Diplomatic questions and leading personalities in our foreign affairs are given particular attention.
TT 2 Hrs.

DEPARTMENT OF BUSINESS ADMINISTRATION

Mr. Carder and Miss Evans

Courses in this department are designed not only for a general cultural knowledge, but for those who expect to do advanced work in this field or who are preparing to teach. Training is provided in the fundamentals of business practices and record keeping for the householder, merchant, bookkeeper, government employee, business executive, and the average citizen. The purpose is to give a training that will insure better management of social, political, personal and business affairs, and to combine this training for citizenship with practical training for vocational efficiency.

101 *Secretarial Science* (Shorthand)—A course in the theory and practice of the principles of Gregg Shorthand, covering short-

hand penmanship, brief form, and phrase drills, supplementary reading, slow dictation, transcription, and letter placement.
MTTF 2 Hrs.

102 *Secretarial Science* (Shorthand)—A continuation of course 101. General stress on accuracy and speed in writing, reading and transcribing shorthand notes, correlation of shorthand and typewriting in transcription.
MTTF 2 Hrs.

141 *Accounting*—The principles of bookkeeping and accounting are developed in this course by means of questions and problems for class discussion, laboratory problems, and practice sets. The objectives are personal, social, economic, educational, and vocational. The course designs to give new content, new viewpoint, new motivation, new applications, and new objectives to the bookkeeping and accounting field.
MWF 3 Hrs.

142 *Accounting*—This is a continuation of Course 141. Prerequisites, Accounting 141 or two years of high school bookkeeping.
MWF 3 Hrs.

151 *Secretarial Science* (Typewriting)—For beginners and those desiring knowledge of typewriting for personal use. Beginning students are started in a primary drill class and given five to six weeks practice in drills while covering the keyboard. Emphasis is placed upon touch, position, machine parts, and technique of typewriting.
MTWTF Lab. fee $4.00 2 Hrs.

152 *Secretarial Science* (Typewriting)—A continuation of Typewriting 151. Emphasis on developing skill, advanced drill practice to aid in accuracy and speed, letter set-up, completion of the manual, and meeting the additional speed requirements. Students completing this course have a thorough knowledge of the technique of typewriting. Prerequisite, one year high school typewriting.
MTWTF Lab. fee $4.00 2 Hrs.

FEES AND EXPENSES

TUITION.—The regular tuition charge is $75.00 per semester. This amount entitles the student to carry sixteen hours.

Students who are allowed to take more than sixteen recitation hours will be charged at the rate of $5.00 per semester hour for all additional hours. All recitation hours under fifteen will be charged at the rate of $5.00 for each semester hour.

MATRICULATION.—A matriculation fee of $5.00 is paid upon entering the College by all students excepting those whose work is exclusively in Music, Art or Expression.

MEDICAL FEE.—A medical fee of one dollar per semester is charged each regularly enrolled student. Every student is required to have a medical examination the first semester. Every new student enrolling for the second semester is also required to take this examination. A competent physician maintains an office on the campus where visiting hours are established. The fee covers consultation and examination only.

LIBRARY FEE.—Every regularly enrolled student will be charged a fee of one dollar per semester to provide funds with which to purchase new books for the library.

VOCATIONAL GUIDANCE TEST.—A fee of fifty cents is charged to freshmen for a vocational guidance test.

LATE REGISTRATION.—A fee of $5.00 will be charged for all late registrations unless special permission is given by the Dean for such late registration.

STUDENT ACTIVITIES FEE.—This fee pays for tickets to all home varsity athletic games, lyceum course, and college paper. First semester—$5.50, second semester—$5.50.

OUT OF TOWN STUDENTS.—The total charge for tuition, activity fees, matriculation, room and meals, for girls living in Agnes Howard Hall is $240.00 per semester. (This does not include laboratory fees, library fee, medical fee, special courses or books.) A discount of 5 per cent is allowed if the total amount is paid at the time of enrollment. This reduces the cost to $228.00 per semester.

STATE CONSUMER'S TAX.—This tax is required of all institutions in West Virginia furnishing meals and maintaining dormitories. The tax amounts to $3.00 per student per semester.

PAYMENT OF TUITION FEES.—The following regulations were adopted by the Board of Trustees in June, 1933, and the Treasurer's Office will be governed accordingly:

REGULATION No. 1.—All tuition and fees are payable in advance at the time of registration.

Regulation No. 2.—In case of extreme emergency, by application to the treasurer, arrangements may be made for monthly payments, which shall be due and payable on the first day of each month. Notes with good security shall be required for deferred payments, but shall not extend in time beyond the close of the semester. Failure to pay any installment on the due date shall cause the entire note to become due and payable and if such failure to pay shall continue for a period of fifteen days, class privileges shall be denied the student whose note is in default.

Regulation No. 3.—All accounts must be paid in cash before credits are available, a diploma granted or a transfer of credits made, or an application to the State Board of Education filed for certification.

Refunds.—Tuition and fees are not returnable except when the withdrawal is caused by sickness or causes which, in the judgment of the college authorities, are entirely beyond the control of the student.

It is necessary for the student to submit to the Dean notice of his withdrawal at the date of such withdrawal. Students withdrawing under discipline forfeit all claim to any refund. Special or laboratory fees are not subject to refund.

Wesleyan Book Store.—Students should be prepared to pay cash for books and supplies as no system for charge accounts is maintained in this department. This rule has always been in effect, but a few students have come unprepared to pay for their books. Please observe this regulation in order to save confusion.

SCHOLARSHIPS, LOANS AND AWARDS

SCHOLARSHIPS

In recognition of high scholastic standing and a true ambition to attain a college education the Alumni and friends of the College have provided a number of scholarships. The average value of a scholarship is $60.00 annually, one-half of which is to be applied each semester toward the payment of tuition and fees. It is the custom of the College to make these awards in accordance with the desire of the donors when there is an expression in this particular.

Scholarships are awarded for one school year only. A candidate for one of these awards should not have any deficiencies standing against his record. Any student who fails to maintain a passing average during the first semester is liable to lose the benefit of his scholarship for the rest of the year. It is expected that the holder of a scholarship will carry a study program of at least fifteen semester hours.

Applications should be made to the President of the College, on forms furnished from his office. The applications should be filed not later than September 1.

Through the generosity of certain organizations a few other scholarships are available. These helps are based on scholastic rating and character. Students interested should see the Dean or the President.

PRIZE SCHOLARSHIPS

The Board of Trustees of West Virginia Wesleyan College has directed the Administration to offer *prize scholarships* of one hundred dollars each to one student, boy or girl, in any first-class high school. The *prize* will be given as an incentive to good scholarship, and as a means of acquainting the youth of our State with the character of work done by the College.

The following rules govern the award of the prize scholarship:

Provision 1.—In order to qualify for a high school prize scholarship, the applicant must have been graduated from high school during the school year immediately preceding the college year for which the scholarship is granted.

Provision 2.—In order to qualify for a high school prize scholarship, the applicant must be of good moral character, and must, on the basis of average grades earned in high school during the three years immediately preceding high school graduation, stand among the highest ten per cent of his graduating class, and must have an average standing of not lower than B or lower than 85 per cent.

PROVISION 3.—High school prize scholarships will be awarded to the highest ranking individuals among those qualifying under Provisions 1 and 2 who are willing to accept them; and in larger high schools, one scholarship will be awarded for each 75 graduates or two-thirds fraction thereof, provided: That not more than three scholarships shall be awarded in any one year to graduates from any one high school.

PROVISION 4.—The procedure to be followed in awarding the high school prize scholarships is as follows: Prior to each commencement the principal of the high school will report to West Virginia Wesleyan College the names and ranks of all students in the graduating class who, under Provisions 1 and 2 above, qualify for high school prize scholarships, and will indicate which ones are willing to accept the scholarship. West Virginia Wesleyan College will issue to the individuals meriting the award under Provision 3 above, high school prize scholarship certificates, which upon presentation at the Treasurer's office will be credited on tuition, fifty dollars on tuition for the first semester, and fifty dollars on tuition for the second semester for each certificate.

METHODIST LOAN FUND

A limited number of needy Methodist students may secure loans from the Student Loan Fund administered by the Board of Education of the Methodist Church. This fund has been built up by the annual Children's Day offerings of the Sunday Schools and the amounts made available by returned loans. A student who borrows, signs an interest-bearing promissory note, obligating him to full and prompt repayment. Christian character, satisfactory scholarship, promise of usefulness, financial responsibility and the recommendation of the church to which he belongs are required of an applicant. Application for these loans must be made through the College Treasurer within two weeks after the opening of the semester. Loans are not made to freshmen during their first semester.

THE WESLEYAN KEY

The Wesleyan Key is symbolic of student achievement in Wesleyan College. It may be awarded only to members of the senior class who have fully satisfied the requirements for this honor. The award is based on points earned in extra-curricular activities, promise of leadership, and merit earned in the classroom.

To be eligible for the Key boys must earn at least sixty points; girls shall earn fifty points. The point rating is based on various subjects which in each case covers one year of work unless otherwise explained.

The points are designated as follows:

Assistants: Classroom or Laboratory 3.

Athletics-Major Sports: Varsity 3; Substitutes 1; Managers 3.

Campus Organizations: President 5; Other Officers 2.

Cheerleaders: Head 3; Others 1.

Class Officers: Presidents, Senior 10, Junior 8, Sophomore 6, Freshman 4; Other Officers 2.

Debate: Varsity 2; Others on Squad 1.

Dramatics: Leading character in one major play 3; Minor character in one major play 1; One-act plays 1; Stage manager in one major play 3; Electrician in one major play 3; Assistants in major play 1.

Intra-Mural Sports: Member of team 1; Manager of team 1.

Ladies' Hall Government: President 5; Executive Council 2.

Scholarship: 2.00, Average 2; 2.25, Average 2¼; 2.50, Average 2½; 2.75, Average 2¾; 3.00, Average 3. Average is for each semester.

Student Council: President 15; Directors 8; Secretary-Treasurer 8.

THE COLLEGE'S DEVELOPMENT PROGRAM

Civilization has no more enduring form of enterprise than a well-established institution of learning. The list of European colleges and universities that have been operating from five hundred to a thousand years or more is too long to be printed here. In the United States, ten colleges are older than the national government. Harvard was founded in 1636, William and Mary in 1693, Yale in 1701, Princeton in 1746, Washington and Lee in 1749, University of Pennsylvania in 1751, Columbia in 1754, Brown in 1764, Rutgers in 1766 and Dartmouth in 1770.

West Virginia Wesleyan is young among American colleges. Established in 1890, it has been serving the church and state for fifty years. These have been years of worthy achievement.

This College was established and has been maintained by the sacrifices of people without wealth. However, it has a fifty-acre campus of unsurpassed beauty. Five large buildings of brick and stone construction provide for the work. The material equipment of the College could not be replaced at a cost of a million dollars. The endowment funds amount to half a million dollars additional.

But a better measure of achievement is a record of the work done. The best way to judge a mill is by the grist it grinds. Twenty-seven hundred young people have completed courses leading to degrees and certificates. Ten thousand young people have come under the influence of the school and had part of their life preparation here. Of these students and graduates, many hundred have become Christian ministers. Other hundreds have become teachers or doctors or lawyers or businessmen or home-makers. And what splendid records they are making. Their achievements have far excelled the dreams of the founders.

In 1940 the College celebrated its Semi-Centennial. The Board of Trustees had initiated a program which calls for the addition of a million dollars to the resources of the College. The fund is to liquidate all indebtedness, increase the permanent endowment by a half million dollars, and provide a new library building.

Those in charge of the campaign were able to announce at the Semi-Centennial commencement in 1940 that in bequests, gifts, and pledges the half-million mark had been crossed. The campaign time has been extended by vote of the West Virginia Annual Conference. The appeal has not yet been presented to the new constituents who now by Methodist Unification become sharers in the ownership of the College. When the educational plans of the Conference have been clarified, the way will be open for the College to resume the campaign.

World events are making it clear that, if democracy and Christian civilization are to survive, adequately trained Christian leadership must be provided. State colleges and universities are not free in the teaching of religious truths and values. The Christian leadership which America and the world need must be trained in the Christian colleges.

The owners of this College are the Methodists of West Virginia. We must be steadfast in prayer and in the high resolve that this College shall be furnished with all resources needed for its great task. The next step is the completing of the program already begun.

BUILDINGS AND GROUNDS

The buildings of the College are six in number, five of which, the Administration Building, Haymond Science Hall, the Gymnasium, the Music Hall, and the Agnes Howard Hall for women, are located on the campus.

The Administration Building is a three-story brick structure and replaces what was known in the earlier days as the Seminary Building, which was destroyed by fire in 1905. It stands almost in the center of the campus on the crest of a knoll. All of the offices, the library, the Atkinson Chapel and a number of recitation rooms are in this building.

The Haymond Science Hall, the gift of Mrs. Virginia Haymond in memory of her husband, Colonel Sidney Haymond, is a beautiful and well-built structure containing the lecture rooms and laboratories for the natural science departments. The equipment is adequate for high grade college work. The laboratories for chemistry and for biology take rank with the best among liberal arts colleges.

The Gymnasium is one of the largest college buildings of its kind in the state. It affords ample space for basketball and the other intramural sports. The building contains a handball court, lockers and showers for men and for women, and recitation rooms for the physical education department.

The Agnes Howard Hall is a four-story brick structure, providing rooms for 125 young women. In recognition of a substantial gift made by Mr. and Mrs. Clarence D. Howard as a memorial to their daughter, Agnes, this building, which was her home in her student days in 1916, is called Agnes Howard Hall.

An addition, completed in January, 1929, more than doubled the rooming capacity of the original building and completely modernized the structure. The ground floor is occupied by a spacious dining hall, modern kitchen, and store rooms. In addition to three small parlors, there is a large drawing room which is magnificently furnished, and a recreation room with a radio, piano, and games. This room is the center of all social and formal activities of the girls. A splendid room in the building is provided for the use of sorority and non-sorority groups.

The Agnes Howard Hall is the center of college life for young women. Here is provided a home for the students who reside outside of Buckhannon under the immediate care and counsel of the Dean of Women and her assistants. Every provision is made for the happiness and welfare of the girls in this hall. A student organization at the Hall has developed a large measure of self-government.

All young women not residents of this city are required to live at the Hall. Exceptions to this rule may be made when the student has relatives living in Buckhannon and desires to live with them; also, when it is necessary for the student to board and room herself; and when all the rooms in the Hall are taken. Parents and young women are asked to note very carefully this requirement. No one is to make arrangements for rooming elsewhere without the approval of the Dean of Women. Permits from parents to attend dances or visit out of town should be presented by the new students to the Dean of Women on entering college.

All rooms in the Hall are furnished with the exception of sheets, pillow cases, comforts and blankets for the beds, rugs for the floor, curtains for the windows, and a napkin ring marked with the first and last names. Trunks should be marked with full name.

Charges for room and board are due and payable as indicated under "Fees and Expenses."

A New Library Building is being planned. The Library itself is adequate to accommodate the needs of the students and faculty. In all, the collection of books totals about twenty thousand volumes, several thousand pamphlets, various prints and brochures. Besides the annual addition of new books purchased by the College, valuable gifts are contributed by friends. Sometimes the gifts represent complete private libraries, relating to a variety of subjects, while on other occasions the volumes treat some particular subject. All new books are catalogued in the general Library and placed in the service of the College. To keep in touch with current life a liberal list of daily newspapers and a large number of weekly and monthly magazines are received.

The reading room is open for general use. Books may be taken from the Library, and kept out for a period of not more than two weeks. Students engaged in research or other special work are given privileges which are explained by the Librarian to the student at the time any special request is made.

Athletic Field. In keeping with its athletic program the College furnishes excellent grounds for the purpose of encouraging sports and games. The students enrolled in the physical education classes do not only use the gymnasium but are taken to the athletic field for classes when it is deemed advantageous by the instructors.

The field is protected from any unnecessary abuse and thus is kept in good order through the year. On either side bleachers are erected which accommodate the people gathering to witness the athletic contests.

GENERAL INFORMATION

PUBLICATIONS

The students publish the *Pharos*, a weekly newspaper, which chronicles the college events and affords a medium for essays, orations, and the expression of student opinion.

The College Bulletin is published monthly throughout the school year except in January. It is sent without charge to all who request it.

The *Murmurmontis*, a college annual, is edited and published by the students.

RELIGIOUS LIFE

The College does not hold any regular Sunday service. In view of the fact that many Christian denominations are represented in the student body, the student is given the chance to attend the church of his choice. The administration of the College urges church attendance. The students individually and in groups become identified with the several churches located in Buckhannon which is a religious center. They often render help in conducting the service programs. Some of the ministerial students regularly fill appointments in churches located in the vicinity of Buckhannon. The choir and Christian organizations are active in the College and churches. The local ministers always extend a cordial invitation to the students to be present at the Sunday services.

CONVOCATION

A general assembly of all the students is held in Atkinson Chapel three times each week, Monday, Wednesday and Friday. The time of the assembly is from 9:50 to 10:20 A. M. Attendance is required.

On Mondays and Fridays the programs are of a general nature. Members of the faculty and visitors address the students, using subjects of important interest. At least one of the lyceum numbers is given at the Convocation.

On Wednesdays the convocation is strictly of a religious nature. The address is given by the President, a member of the faculty, or a local or visiting minister. The college choir renders selections of sacred music. This program is entirely free from any denominational bias. It is prepared to be of a religious value to all the students.

SUMMER SCHOOL

West Virginia Wesleyan College holds a summer session of nine weeks of five days a week in addition to the regular academic year. The courses are usually conducted by the heads of the various depart-

ments, and when it is necessary to secure teaching help outside the institution care is exercised to obtain efficient and highly trained instructors.

The Summer School is of special help to students who find it necessary to complete the college course in less than four years; to those who must remove conditions and deficiencies in order to finish in four years; and to teachers in public schools who wish to complete work for college graduation or for a higher teacher's certificate.

The Summer School plans are set forth in a bulletin published each year in February. This Bulletin contains a detailed statement of these plans and outlines of all courses offered. Persons wishing copies of the bulletin or other information about the Summer School should address the Director of the Summer School, Buckhannon, West Virginia.

BUREAU OF RECOMMENDATION

Having trained a great many young men and women for positions requiring special skills, Wesleyan College has recognized the need of an organization that would help its graduates to secure such positions. Therefore, a Bureau of Recommendation has been organized, and is now a definite feature of the College. The first purpose of the Bureau is to aid alumni who seek to enter the field of teaching or any other worthy work; however, the Bureau also co-operates with school officials seeking competent teachers, and serves the interests of employers needing especially skilled help.

Alumni who are candidates for positions as teachers, those who wish to transfer to other localities, and those interested in other fields of employment are invited to enroll in this Bureau. School superintendents, boards of education, and prospective employers are also invited to avail themselves of its services.

The Bureau is under the direction of the Dean of the College. No fee is required for registration.

STUDENT GOVERNMENT AND DISCIPLINE

Matters pertaining to government and discipline in the College are under the supervision of the President, the Dean and the faculty. Women students living in Agnes Howard Hall are directly responsible for their conduct to the Dean of Women. In the dormitory is a council composed of girls which co-operates with the Dean of Women in administering the rules relating to their daily conduct.

It is not the policy of the College to place undue restraint on the student's life, however, regular habits and good conduct are necessary. The activity of the student is expected to harmonize with the ideals of the College. If one should become out of sympathy

with the spirit of the institution he may be requested to withdraw from his classes and his enrollment cancelled.

HEALTH SERVICE

For the purpose of protecting the general health on the campus a physical examination is required of each student at least once yearly. This examination is conducted by a trained physician. If any deficiency is discovered the student is advised how to take corrective measures. A small fee is charged for the examination.

A trained nurse lives in Agnes Howard Hall for the purpose of rendering care to the girls who may become ill enough to need her services. The students are trained and urged to care for their physical well being, and the College renders valuable aid in promoting this interest.

SOCIAL LIFE

Wesleyan is a co-educational institution. The sanest and most effective social development of the young women and young men is promoted during their college days together.

Wesleyan students are from the best homes. At social gatherings and public athletic events the students mingle freely. The presence of members of the faculty is expected and acceptable to these events. The parlors of the Ladies' Hall are available one evening in the week for the young men making social calls.

Off the campus three fraternity houses afford centers of fellowship for certain groups. A number of organizations seek to promote interest along literary, scientific, philosophic, and musical lines. Under the direction of a faculty member, an intramural sport program for men and women is usually planned. So far as possible, all students are expected to participate in some athletic sport.

The College recognizes its responsibility to assist in providing a helpful social life. The faculty supervises a number of programs throughout the year intended to bring all faculty members and students together and thus offer opportunity for acquaintance. The College does not sponsor dancing either on or off the campus.

ORGANIZATIONS

ALPHA PSI OMEGA

The Alpha Rho cast of Alpha Psi Omega was established at West Virginia Wesleyan College on May 28, 1930. Alpha Psi Omega is one of the largest of the national dramatic fraternities. There are eighty-two casts in colleges and universities of the United States and Canada. Alpha Psi Omega is a member of the association of Speech Art Fraternities. Those who have had major parts in several plays are eligible for membership and only then by the unanimous vote of the cast. It is both an honor and a professional asset to be a member of Alpha Psi Omega.

PI KAPPA DELTA

The West Virginia Alpha Chapter of Pi Kappa Delta, an honorary forensic fraternity, was installed by national officers of that fraternity in May, 1928. It is the purpose of this organization to promote forensic endeavor. West Virginia Alpha sponsors the forensic activities of Wesleyan. For their proficiency members are awarded a key, the emblem of the fraternity. Each year the Wesleyan chapter has taken active part in the state debate tournaments and the regional Pi Kappa Delta meetings.

SIGMA ALPHA SIGMA

Sigma Alpha Sigma, founded in May, 1933, is Wesleyan's honorary scholastic society. Its aim is to promote scholarship and friendship among all the students of Wesleyan. Resident members-in-course entitled to general honors for three semesters or more are eligible for election to membership. In addition to scholarship, good moral character is a qualification of membership. Members, in order to remain in good standing in the society, must maintain an average grade of "B." The organization consists of two divisions: the Alpha, or men's division; and the Beta, or women's division.

WESLEYAN PLAY SHOP

The Wesleyan Play Shop is devoted to the development of dramatic talent. Membership in the organization is obtained by performing four apprenticeships before initiation. One of these must be a part in a play. These initiation restrictions make it possible for only those of the best talent to become active members. The members receive training not only in acting and taking part in plays, but in directing as well.

HAUGHT LITERARY SOCIETY

The Haught Literary Society, named in honor of Dr. Thomas W. Haught of the faculty, is one of Wesleyan's social organizations for girls. The membership consists of sixteen girls, and every school year each departing member leaves her choice of a successor from the three upper classes. The club meets weekly to study literary topics under the guidance of one of the members or a guest speaker. Among the club's social events is the annual formal dinner in honor of Dr. Haught.

BENZENE RING

The Benzene Ring, the Chemical Organization of the Department of Chemistry of Wesleyan College, is an honorary society for students who intend to take advanced work in Chemistry. The Ring has interesting, and educational programs twice a month. The meetings consist of special lectures, demonstrations, and visits to industrial centers.

NUCLEUS SOCIETY

The Nucleus Society is an honorary organization for students who excel in Biology. Research is stimulated and carried on by groups and individuals. Visits to various clinics, hospitals, and other biological centers are made. For admission to the Society students must have a "B" average in Biology and receive unanimous approval of the members. Associate members are of the freshmen who have received "A" grades in their Biological studies, and approval of the members.

OLYMPIC CLUB

The Olympic Club is an organization of those who enjoy sports and body development. Membership is limited to sophomores, juniors, and seniors. Those desiring membership in the organization must make application at the time set by the club.

HOME ECONOMICS CLUB

The Home Economics Club received its charter from the National Home Economics Association. The Club aims to furnish social activity and programs on special subjects related to the home and home environment. One project is completed during the college year. Meetings are held the fourth Monday in each month.

FRATERNITIES AND SORORITIES

Following an enabling resolution of the Board of Trustees passed in June, 1925, three fraternities, the Kappa Alpha, Alpha Kappa Pi and Sigma Eta Delta; and four sororities, the Sigma Delta Chi,

Sigma Pi Delta, Kappa Phi Omega, and Tallagewe, have effectively organized.

THE LANTERN

The Lantern is open to all young men of Wesleyan who desire a creative fellowship and the discussion of the great problems of youth and the major questions so prevalent today, such as war and peace, race prejudice, prohibition, etc.

This organization does not over-emphasize religious worship nor neglect it. The chief purpose is to give every young man the opportunity for an enjoyable hour of educational recreation in an atmosphere of Christian friendship.

Y. W. C. A.

The Young Women's Christian Association is the only organization open to all girls on the campus. In the main this group fosters Christian fellowship, comradeship, and opportunities for leadership. The program for the year is so arranged that each person will develop a deeper spiritual and social life.

THE STUDENT VOLUNTEERS

The Student Volunteer group is one of the most active organizations on Wesleyan's campus. This group of Christian young people work in many ways bringing together the students of Wesleyan College who are eager to devote themselves to Christian service and to promote Christian living.

MINISTERIAL ASSOCIATION

The Wesleyan Ministerial Association is an organization composed of those who are candidates for the ministerial profession. Its purpose is to provide inspiration, fellowship and instruction for the group as well as to help meet the religious needs of the campus.

A CAPPELLA CHOIR

The Wesleyan choir is the musical organization of the campus and is open to men and women. The choir sings in the worship services of chapel and represents the College by giving concerts in other cities and churches of the state.
